

I'm going to talk about "Gyoda Lotus" or "Ancient Lotus".

行田蓮

古代蓮

I went to Gyoda by bike this Sunday.

I left home around 4:30 in the morning and arrived around 8:30 there.

It took about 4 hours.

I saw a lot of lotus flowers there.

What beautiful flowers they are !

The colors are bright red, light red and white.

Lotus blooms noble flowers from a swamp.

By the way, why are they called ancient lotus ?

Because the lotus seeds from 1400 to 3000 years ago germinated.

Finally, the lotus flower language is a pure heart.

Thank you for listening.
